

NUMBER OF ABMGG CERTIFIED SPECIALISTS IN MEDICAL GENETICS AND GENOMICS

	EXAMINATION YEAR						TOTAL
	1982-2013	2015	2017	2019	2021	2023	
TOTAL NUMBER OF NEW DIPLOMATES	2582	175	180	186	178	186	3487
MEDICAL GENETICS SPECIALTIES	1982-2013	2015	2017	2019	2021	2023	TOTAL
MD Clinical Genetics and Genomics (c)	1495	85	78	104	99	104	1965
PhD Medical Genetics (a)	155						155
Clinical Biochemical Genetics	315	18	16	15	12	13	389
Laboratory Genetics and Genomics (d)				20	129	115	264
Clinical Cytogenetics and Genomics (c)(e)	734	36	39	20	4		833
Clinical Molecular Genetics and Genomics (c)	597	89	100	71	9	1	867
Clinical Biochemical/Molecular Genetics (b)	49						49
Subspecialty Certificates	2001-2013	2015	2017	2019	2021	2023	TOTAL
Medical Biochemical Genetics	47	16	14	26	33	31	167
Molecular Genetic Pathology	9	0	0	0	0	0	9
Joint subspecialty certificates issued by ABPath							

(a) last examination offered in 2007

(b) Only offered 1990/1993

(c) Certificate name changes effective 2015: Clinical Genetics to **Clinical Genetics and Genomics**, Clinical Cytogenetics to **Clinical Cytogenetics and Genomics**, and Clinical Molecular Genetics to **Clinical Molecular Genetics and Genomics**

(d) Starting in 2017, Clinical Molecular Genetics and Genomics and Clinical Cytogenetics and Genomics were combined to form **Laboratory Genetics and Genomics**

(e) Last examination offered in 2021
